**Soccer in lights:** The Sandton Central Management District hosts an annual Illumination Programme also known as the 'Why Men', which has won two BASA Awards since inception. Life-size figures constructed from a steel frame and wrapped in rope light have been positioned all the way along Maude Street from Sandton City in the West (on the corner of 5th Street) to the corner of Rivonia Road near Village Walk. The Why Men truly come to life as the sun sets. This year, the theme revolves around the 2010 World Cup, and there are numerous figures that are very soccer inspired. The 2009/2010 Why Men will grace Sandton Central with their presence beyond the festive season, and will be up until the end of July 2010 as part of the district's way of showing support for the upcoming 2010 soccer spirit that's being harnessed around the country.

# Pilates For Kids

It's not just grown-ups that reap the benefits of Pilates; experts say it can be good for little ones, too. "Kids Pilates has become more popular as parents are seeking exercises to keep their children healthy, strengthen their muscles and improve their co-ordination and balance," said Olga Rosenberg, kids Pilates instructor. "Because Pilates emphasises consistent development, kids are not trained to develop one 'pet' muscle group. Instead, all muscles large and small are developed equally and concurrently, helping kids with overall strength, flexibility, injury prevention and co-ordination. Pilates encourages children to be more aware and in control of their movements, and this helps them develop poise, confidence, and balance. Pilates is a great way to enhance your kid's sporting capability." For more information contact Olga Rosenberg at (011) 022-7204, or e-mail [olga@oliniapilates.com](mailto:olga@oliniapilates.com).

**WIN!**
